1. COMMITMENTS

The Fundación Educativa de Inglaterra is committed to the development and leadership of the Occupational Health and Safety Management System (OHSMS) within a model of prevention and continual improvement that includes as well the objectives established in the strategic planning: Comprehensive Culture of Excellence, Committed Community “The English Way” and Effective Governance and Financial Sustainability. This Occupational Health and Safety Management System is based on the following commitments:

- To be promoters of the occupational safety and health of staff, students, contractors, visitors, among others, with the aim of reducing the occurrence of occupational accidents and diseases.
- To comply with the legal requirements in regard to occupational safety and health as well as to the environment and to matters of other nature that the Foundation identifies, implements and that it is obliged in accordance with the Occupational Health and Safety Management System and the environment.
- To implement the regulations determined for the management of the assessed risks, based on the continuous identification, prioritisation and intervention of the hazards linked to the activities carried out in the Foundation.
- To allocate adequate financial, technical and human resources to develop the activities related to the environment and the Occupational Health and Safety Management System of the Foundation.
- To promote working environments at all levels of the Foundation through the practice of the institutional values, avoiding factors for workplace harassment.
- To support the conservation of the environment, based on training, environmental programmes, and on raising awareness amongst the staff so that they have proper management of natural resources.
- To protect and maintain in optimal conditions the assets and physical infrastructure of the Fundación Educativa de Inglaterra.
- To comply with other policies established by the Foundation within the framework of the Occupational Health and Safety Management System as well as the environment.
